

# Bose SoundDock Portable v2 Battery Replacement

This is a portable device so if your battery is no longer working it is just a desk speaker and takes away half the purpose of this device. Let us help you get your portability back!

Written By: Evan Low

## TOOLS:

- [Coin](#) (1)

## PARTS:

- [Bose Accessory Battery](#) (1)

## Step 1 — Battery

- Using your thumbnail or a coin, push in the slotted knob on the battery and turn it counterclockwise to unlock the battery.

## Step 2

- Carefully pull the battery away from the back of the system.

## Step 3

- On the new battery, make sure the slot in the knob on the battery is in a horizontal position.
- Insert the battery into the multi-pin connector.

## Step 4

- Push in the slotted knob and turn it clockwise until the slot is vertical. This locks the battery in place.

## Step 5

- Connect the power supply and charge the battery.

To reassemble your device, follow these instructions in reverse order.
